

Who do you have your cancer insurance with? Wouldn't you want the **best shot** at beating cancer if it ever happens to you?

Meet Sue

She is 58 years old.
A hypothetical situation

Sue purchases a **Precision Care™ Insurance Policy** from GTL with cutting edge TGen genomic sequencing benefits.

Upon approval, GTL pays Sue a **lump sum benefit** of **\$75,000** to help her financially during her recovery.

Sue is later **diagnosed with cancer**.

Sue **files a claim** with GTL.

**MOST CANCER PLANS STOP HERE.
PRECISION CARE™ IS JUST GETTING STARTED.**

TGen contacts Sue's oncologist to coordinate biopsy shipment and genomic sequencing at TGen's research laboratories.

TGen oncology experts explain the results to Sue and her oncologist and **provide treatment recommendations** based on her unique markers in her tumor and healthy cells.

TGen's world renowned genomic sequencing tests analyze **19,000 genes** to unravel the genetic composition of Sue's tumor.

Sue and her oncologist now have **the best information** they can use to decide the best course of treatment specifically for her.

Sue's **Precision Care™ policy from GTL pays TGen** for the genomic sequencing tests and physician consultation.

Sue now has **\$75,000** from GTL to **cover her deductibles** and **out-of-pocket costs** and priceless information about her cancer from TGen.

Don't forget to add these great benefits to your coverage...
