

Cigna Health and Life Insurance Company Commission Schedule

This Commission Schedule (hereinafter, this “Schedule”), is attached to and made a part of the Associate Agreement between Cigna Health and Life Insurance Company (CHLIC) and the Agent. All capitalized terms herein shall have the meanings ascribed to them in the Associate Agreement. CHLIC may modify this Schedule after giving Agent the advance written notice required by state law or ten (10) days’ advance written notice in states where no such advance written notice period exists. Agent shall receive compensation in accordance with the terms of the Associate Agreement and this Schedule as noted below:

- CHLIC shall pay Agent the compensation described above on premium received and accepted by CHLIC for issued policies solicited by Agent on or after the effective date of this Schedule subject to the terms and conditions of the Associate Agreement and this Schedule. The commission rates noted in this Schedule apply to Commissionable Premium only. Commissionable Premium is the policies original issue gross premium less any Household/Spousal discounts, and less the premium designated to cover the Part B Deductible if applicable to the plan purchased. Commissions are not payable on the premium that is attributable to the Part B deductible in Plans C, F and Extended Basic, unless state requirements differ. All Medicare Supplement policies, based on guaranteed issue requirements of the Balanced Budget Act, will receive 0% in years 1 – 6 (unless state requirements differ) for the writing agent only.
 - Should you recruit and appoint any subagents, your compensation on business written by them will be reduced by any amounts that would be paid to those contract levels. In order to receive compensation (override commissions) on any subagent, you must have a resident or non-resident license in any state where the subagent writes business if the state has so mandated.
 - Commissions on internal policy replacements, exchanges and conversions will be compensated according to CHLIC guidelines in effect at the time the policy is written. Internal Replacement commissions will be paid on the lesser of the replaced policy’s Commissionable Premium or the new policy’s Commissionable Premium. The commission rate applied to the Commissionable Premium will be based on the replaced policies effective date and coverage year. Internal Replacement commissions will only be paid to the original Writing Agent of the policy replaced. Policies are not considered to be internal replacements if there is a lapse in coverage greater than 90 days.
 - Premium rate-ups and renewal increases are non-commissionable. No commissions shall be paid on underwriting or substandard premium rate-ups or renewal premium increases. Commissions are paid on the initial premium only and are not paid on any increase in premium due to age change or plan wide rate increases, unless required by law. Premium reductions will affect the initial premium accordingly.
 - COMMISSION STATEMENT – Statements are generated bi-weekly that report commissions for the month as well as other monetary transactions between you and CHLIC. The bi-weekly transactions are summarized to obtain a total net balance. When total commissions exceed commission chargebacks, the excess is paid to you. When commission chargebacks exceed commissions, the commission statement total is called a debit balance. A debit balance is the total amount you must repay to CHLIC. Debit balances are carried over to your next bi-weekly commission statement until such balance is fully repaid.
 - This Commission Schedule applies only to the products listed for so long as the Agreement remains in effect. CHLIC reserves and shall have the right, at its sole option and discretion, to adjust and change the commissions at any time. This Commission Schedule and any commissions payable hereunder may be modified by CHLIC, in its sole discretion, upon written notice to the Agent which may be contained in any Company Field Bulletin or other written communication to Agent.
