B. COMMISSION RULES

1. The commission rate is the rate that is in effect on the application sign date of the issued policy.
2. The age used to determine the commission rate is the age at the application sign date, except for insured's ages 65 and under, where the age at the policy effective date will be used. For insured's within one month of their 65th birthday, age 65 will be used to determine the commission rate.
3. Commission is calculated on the lesser of initial premium or paid premium, less the Part B deductible offset on applicable plans.
4. Commission is not calculated on premium increases.
