Plan information

The Ameritas Dental Network is one of the five largest in the nation, making it easier for policyholders across the country to see the dentist of their choice.

- 98% of providers stay with Ameritas year after year
- Network dentists charge 25-50% less than their regular rates, providing out-of-pocket savings to policyholders
- The Ameritas Dental Network offers access to providers in the U.S. and Mexico

MAC/MAB claim allowance

The Maximum Allowable Charge (MAC) claim allowance is the maximum amount a network provider may charge. If a policyholder selects a network provider, they may have lower out-of-pocket costs. If they visit an out-of-network dentist, the claim allowance is considered at the Maximum Allowable Benefit (MAB), which is equal to the lowest contracted fee in the ZIP Code area. They pay the difference between what the plan pays and the dentist's actual charge.

Preventive Plus

Type 1 Preventive procedures are not deducted from the plan's annual maximum benefit. This saves all of the annual benefit to help pay for more expensive Type 2 and 3 procedures.

Hearing benefit

Benefits are available for hearing exams and hearing aids. Each benefit period the policyholder receives up to \$75 for eligible hearing exams. The plan pays 50% of the hearing aid cost up to the maximum benefit. The maximum benefit is \$200 day 1, \$300 after year 1, and \$400 after year 2.

Five years after using the hearing aid coverage, the policyholder is re-eligible for the benefit at the top level. A reduced benefit is available after three years if the current hearing aids can no longer correct the policyholder's hearing. All benefits assume no break in coverage.
