Cancer Insurance & Heart Attack/Stroke Insurance, as part of the Critical AdvantageSM Portfolio, may help fill the gap between existing health care coverage and the costs of treatment.

Simple & Direct

With the diagnosis of a covered condition comes the reality of medical bills, time off for treatments, money for living expenses, and for many, the cost of high deductibles and other unexpected out-of-pocket expenses. Products in the Critical Advantage Portfolio can help you to focus on your treatment, not your finances.

Should you be diagnosed with any of the conditions covered, a check is sent to you, not the health care provider. No receipts or medical bills necessary. Payment is to you, for you.

It's a Fact

Cancer in America

Nearly 1 in 3¹ men and women will develop cancer during their lifetime and with medical advances, more and more people survive this disease.
