Plan information

The Ameritas Dental Network is one of the five largest in the nation, making it easier for policyholders across the country to see the dentist of their choice.

- 98% of providers stay with Ameritas year after year
- Network dentists charge 25-50% less than their regular rates, providing out-of-pocket savings to policyholders
- The Ameritas Dental Network offers access to providers in the U.S. and Mexico

MAC/U&C claim allowance

If a policyholder visits an out-of-network dentist, covered benefits are paid at the 80th percentile of usual and customary (80th U&C) charges. This means we expect 8 out of 10 charges from dental providers to be within the amount insurance pays for a covered procedure. Policyholders pay the difference between what the plan pays and the dentist's actual charge. If they visit a network provider, payments are based on the dentist's contracted fees (MAC/maximum allowable charge), which may result in lower out-of-pocket costs.
