- You do not need more than one Medicare Supplement policy.
- If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.
- You may be eligible for benefits under Medicaid and may not need a Medicare Supplement policy.
- If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within 90 days of losing Medicaid eligibility. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage but will otherwise be substantially equivalent to your coverage before the date of the suspension.
- If you are eligible for and have enrolled in a Medicare Supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare Supplement policy under these circumstances and later lose your employer or union-based group health plan, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within 90 days of losing your employer or union-based group health plan. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage but will otherwise be substantially equivalent to your coverage before the date of the suspension.
- Counseling services may be available in your state to provide advice concerning your purchase of Medicare Supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).
- **Consumer information regarding HIV tests, crime victims, and emergency medical service personnel:** We may not use the results of a test to determine the presence of the Human Immunodeficiency Virus (HIV) antibody performed on an offender or performed on a crime victim who was exposed to or had contact with an offender’s bodily fluids during commission of a crime that was reported to law enforcement officials in order to make an underwriting decision, cancel, fail to renew, or take any other action with respect to the policy. We may not use the results of a test to determine the presence of a blood-borne pathogen performed on an individual to make an underwriting decision, cancel, fail to renew, or take any other action with respect to the policy. We may not ask an Applicant for coverage or a person already covered whether the person has had a test performed for the above reasons or if the Applicant had been the victim of an assault or any other crime which involves bodily contact with the offender. **If the information regarding HIV tests, crime victims, and emergency medical service personnel located under Section VIII, Important Statements for Applicant to Read, applies, then a NO answer to question 7 would be acceptable.**

I understand that the Medicare Supplement policy applied for will not cover loss due to Pre-Existing Condition(s) diagnosed or treated by a medical professional during the ninety (90) days immediately preceding the effective date of coverage unless the expense for that loss is incurred more than six (6) months after the effective date of coverage. This provision does not apply if, as of the date of application, you had a Continuous Period of Creditable Coverage which did not expire more than 63 days ago and such coverage, while in force, lasted for at least six (6) months. If, as of the date of application, you had less than six (6) months prior Creditable Coverage, the Pre-Existing Conditions limitation will be reduced by the aggregate amount of Creditable Coverage. If this policy is replacing another Medicare Supplement policy, any time periods applicable to Pre-Existing Condition(s), waiting periods, elimination periods, and probationary periods in the new Medicare Supplement policy will be waived to the extent the time was spent under the original policy. This provision does not apply if you are applying for and are issued this policy under Guaranteed Issue or Open Enrollment status.

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to your application, you intend to terminate existing Medicare Supplement Insurance and replace it with a policy to be issued by the Company selected above. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that the purchase of this Medicare Supplement coverage is a wise decision, you should terminate your present Medicare Supplement policy. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, AGENT, OR BROKER

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare Supplement policy will not duplicate your existing Medicare Supplement or, if applicable, Medicare Advantage coverage because you intend to terminate your existing Medicare Supplement coverage or leave your Medicare Advantage plan. The replacement coverage is being purchased for the following reason (check one):

- additional benefits
- no change in benefits, but lower premiums
- fewer benefits and lower premiums
- other (please specify) _____

- NOTE:**
1. Health conditions which you may presently have (Pre-existing conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
 2. State law provides that your replacement policy or certificate may not contain new Pre-existing conditions, waiting periods, elimination periods, or probationary periods. The insurer will waive any time periods applicable to Pre-existing conditions, waiting periods, elimination periods, or probationary periods in the new policy for similar benefits to the extent such time was spent (depleted) under the original policy.
 3. If you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the Company to deny any future claims and to refund your premiums as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded.
