INTRODUCTION

This guide provides information about the evaluation process used in underwriting and issuing Medicare Supplement insurance policies underwritten by Americo Financial Life and Annuity Insurance Company (AFL) and Great Southern Life Insurance Company (GSL). Our goal is to issue insurance policies as quickly and efficiently as possible while assuring proper evaluation of each risk. To accomplish this goal, writing agents will be notified via the agent portal (Med Supp Portal on Americo.com) of any problem(s) with a submitted application. All policies and procedures are as of the revision date listed on the front cover and are subject to change. **Clients who are first eligible for Medicare on or after January 1, 2020 are considered ‘Newly Eligible’.** **Clients first eligible for Medicare prior to January 1, 2020 are considered ‘Not Newly Eligible’.** *Products may not be available in all states represented in this guide. Refer to the product availability guide for approved states.*

POLICY ISSUE GUIDELINES

All applicants must be covered under Medicare Parts A & B. Policy issue is state-specific. The **applicant’s state of residence** controls the application, forms, premium, and policy issue. If an applicant has more than one residence, the state where taxes are filed should be considered as the state of residence.

Open Enrollment

An applicant is eligible for a six-month open enrollment period on the first day of the month in which he/she is both 65 or older and enrolled in Medicare Part B.

Applicants covered under Medicare Part B prior to age 65 are eligible for a six-month open enrollment period upon reaching age 65.

For any applicant that qualifies for Open Enrollment due to disability, please furnish a copy of the applicant’s Medicare card or letter from Social Security reflecting the Part B effective date. The policy effective date must be within the six-month Open Enrollment period.

States with Under Age 65 Requirements

State(s)	Plan Availability & Open Enrollment
CO, DE, GA, ID, IL, KS, LA, MO, MS, MT, NH, PA, SD, TN	All plans available. Open enrollment if applied for within six months of Part B enrollment.
KY	All plans available. No open enrollment. All applications are underwritten.
AR, MD, OK, TX	Plan A available. Open enrollment if applied for within six months of Part B enrollment.
NC	If newly eligible: Plans A & G available. If not newly eligible: Plans A & F available. Open enrollment if applied for within six months of Part B enrollment.
NJ	Available to people ages 50-64. If newly eligible: Plan G. If not newly eligible: Plan C. Open enrollment if applied for within six months of Part B enrollment.
WI	Basic Plan and Riders available. Open enrollment if applied for within six months of Part B enrollment.

Selective Issue

Applicants over the age of 65 and at least six months beyond enrollment in Medicare Part B will be selectively underwritten (unless applying during a guarantee issue period). All health questions must be answered. The answers to the health questions on the application will determine the eligibility for coverage. If any health questions are answered “Yes,” the applicant may not be eligible for coverage. Applicants will be accepted or declined. Pre-existing conditions exclusions will not be used.

In addition to the health questions, the applicant’s height and weight will be taken into consideration when determining both eligibility for coverage and the Premium Rate. A 15 percent (15%) premium increase may be charged

if the applicant's height and weight fall within an established guideline above or below Standard. See the Height and Weight Chart on page 16. Coverage will be declined for those applicants who are outside the established height and weight guidelines.

Health information, including answers to health questions on applications and claims information, is confidential and is protected by state and federal privacy laws. Accordingly, we do not disclose health information to any non-affiliated insurance company without authorization.

Application Sign Dates

- **Open Enrollment:** Up to six months prior to the month the applicant turns age 65 and/or is eligible for Medicare Part B. *For Wisconsin residents, applications can be signed no more than 90 days prior to the applicant's Medicare Part B eligibility date.*
- **Underwritten Cases:** Up to 60 days prior to the requested coverage effective date.

Coverage Effective Dates

Coverage will be made effective as indicated below:

The effective date of the insurance can be between the 1st and the 28th day of the month. Applications written for an effective date of the 29th, 30th, or 31st of the month will be made effective on the 1st of the next month. Applications may not be backdated prior to the application signed date for any reason, including to save age.

Exception: Applications written on the 29th, 30th, or 31st of the month may be dated the 28th of the same month upon request, unless this will cause a duplication of benefits that is prohibited by federal or state law or regulation.

Replacements

An "internal replacement" takes place when an applicant wishes to terminate an existing Medicare Supplement policy underwritten by an Amerigo affiliate insurance company, and replace it with another available Medicare Supplement plan. An "external replacement" takes place when an applicant wishes to terminate any other external company policy and replace with a newer or different Medicare Supplement policy. A fully completed application is required for external replacements and internal replacements requesting an upgrade of benefits.

A current client wanting to apply for a non-tobacco plan must complete a new application and qualify for coverage. Clients wishing to change their Risk Class rating because of weight loss must maintain that weight loss for at least 12 months. A new application is required and will be underwritten.

If an applicant has had a Medicare Supplement policy issued by an Amerigo affiliate insurance company within the last 60 days, any new applications will be considered to be a replacement application. If the replacement results in upgraded policy benefits, the application will be subject to limited underwriting to ensure there have been no health changes. If more than 60 days has elapsed since prior coverage was in force, then applications will follow normal underwriting rules.

The policy to be replaced must be in force on the date of replacement. All replacements involving a Medicare Supplement, Medicare Select, or Medicare Advantage plan must include a completed Replacement Notice. One copy is to be left with the applicant; one copy should accompany the application.

The replacement cannot be applied for on the exact same coverage and exact same company. The replacement Medicare Supplement policy cannot be issued duplicating any other existing Medicare Supplement, Medicare Select, or Medicare Advantage plan.

Reinstatements

When a Medicare Supplement policy has lapsed within 90 days of the last paid to date, coverage may be reinstated, if the Reinstatement Request is made and the underwriting requirements are met.

When a Medicare Supplement policy has lapsed and it is more than 90 days beyond the last paid to date, the coverage cannot be reinstated. The client may, however, apply for new coverage. All underwriting requirements must be met before a new policy can be issued.

Telephone Interviews

Random telephone interviews with applicants will be conducted on underwritten cases. Please be sure to advise your clients that we may call to verify the information on their application. Telephone interviews are not available in all states.

Pharmaceutical Information

We have implemented a process to support the collection of pharmaceutical information for underwritten Medicare Supplement applications. In order to obtain the pharmaceutical information as requested, the “Health Information Authorization” is included in the application. Prescription information noted on the application will be compared to the additional pharmaceutical information received.

Policy Delivery Receipt

Delivery receipts are required on all policies issued in Kentucky, Louisiana, Nebraska, South Dakota, and West Virginia. For policies delivered by the agent, two copies of the delivery receipt will be included in the policy package. One copy is to be left with the client. The second copy must be signed and dated by the client and returned to Americo in the postage-paid envelope included in the policy package. For policies mailed directly to the client, a certified mail receipt is considered proof of delivery.

Guarantee Issue Rules

The rules listed below are federal requirements and can also be found in the Guide to Health Insurance for People with Medicare. Plans A, B, D, or G are offered (subject to state availability) on a guarantee issue basis to newly eligible clients. Plans A, B, C, or F are offered (subject to state availability) on a guarantee issue basis to clients who are not newly eligible.

Voluntarily leaving an employer group health plan does not always result in the applicant’s eligibility for guaranteed issue. In this situation, state laws may vary.

Guarantee Issue Situation	Client has the right to buy. . .
<p>Client has Original Medicare and an employer group health plan (including retiree or COBRA coverage) or union coverage that pays after Medicare pays. Guarantee Issue Situation	Client has the right to buy. . .
In Missouri Only: it is as early as 30 days before and no later than 30 days after the anniversary date of your client's current policy.	<p>The Medicare Supplement policy the client had before switching to another insurance company. If it isn't available, client can buy a Medicare Supplement that is sold in Missouri by any insurance company.</p> <p>If newly eligible: Plan A, B, D, G, HDG, K, or L</p> <p>If not newly eligible: Plan A, B, C, F, HDF, K, or L</p>

Missouri Anniversary Guaranteed Issue Rule

Missouri residents currently enrolled in a Medicare Supplement policy have the right to switch plans each year on their policy anniversary date. If the client changes to a same-lettered plan, they are not subject to underwriting and cannot be denied coverage. The Anniversary Guaranteed Issue Period begins 30 days before the current policy anniversary date and ends 30 days after the anniversary date. This rule does not apply to Medicare Advantage.

- **Required Proof of Eligibility:** The current carrier policy schedule page containing the policyholder name, plan, and policy effective date. If the schedule page is more than 2 years old, we will also require proof showing the current paid to date of the policy.
- **Application Sign Dates and Coverage Effective Dates:** See chart below.

**Dates listed in the chart above are for illustrative purposes.*

Group Health Plan Proof of Termination

Proof of Involuntary Termination: Underwriting cannot issue Medicare Supplement coverage as Guarantee Issue (GI) without proof that an individual's employer coverage is no longer offered. The following is required:

- Complete the Medicare & Insurance Information section on the Medicare Supplement application; and
- Provide a copy of the termination letter showing date of and reason for termination from the employer or group carrier.

Proof of Voluntary Termination: Under the state specific voluntary termination scenarios, the following proof of termination is required, along with completing the Medicare & Insurance Information section on the Medicare Supplement application:

- Certificate of Group Health Plan Coverage.
- In CO, KS, ID, IL, IN, MT, NJ, OH, PA, and TX, provide a letter from the employer or insurance company, reflecting this is an employer sponsored plan, the date of termination, and that the employer sponsored plan is primary to Medicare.
- In IA, NM, OK, VA, and WV, provide a letter from the employer or insurance company, reflecting this is an employer sponsored plan and the reduction in benefits.
- In WI, provide a letter from the employer or insurance company, reflecting this is an employer sponsored plan and the increased cost for group coverage compared to the Medicare Supplement plan.

State	Qualifies for Guaranteed Issue...
CO, KS, ID, IL, IN, MT, NJ, OH, PA, TX	If the employer sponsored plan is primary to Medicare.
MO, SD	Always - No conditions.
IA*	If the employer sponsored plan's benefits are reduced, with Part B co-insurance no longer being covered.
NM, OK, VA, WV*	If the employer sponsored plan's benefits are reduced substantially.
WI	If the employer sponsored plan ends some or all of your coverage, or increases cost from one 12-month period to the next by more than 25% and the new payment for the employer-sponsored coverage is greater than the premium charged under the Medicare Supplement plan the individual is applying for.

*For purposes of determining GI eligibility due to a voluntary termination of an employer sponsored group health plan, a reduction in benefits will be defined as any increase in the client's deductible amount or their co-insurance requirements (flat dollar co-pays or co-insurance %). A premium increase without an increase in the deductible or co-insurance requirement will not qualify for GI eligibility. Proof of the coverage reduction is required.

Medicare Advantage (MA) Proof of Disenrollment

Underwriting cannot issue Medicare Supplement coverage without proof of Medicare Advantage disenrollment. If a member disenrolls from Medicare Advantage, the MA plan must notify the member of his/her rights to buy other coverage.

Disenrolling from a Medicare Advantage Plan

Complete the MA section on the Medicare Supplement application.

For Guaranteed Issue applications: proof must be submitted.

For Underwritten or Open Enrollment applications: once the application has been approved, the agent will be contacted via the agent portal and advised to begin the disenrollment process from the MA plan. New Business will verify the disenrollment date on Medicare.gov against the effective date of the Americo policy and will issue the policy upon confirmation of disenrollment.

- Effective date cannot overlap the MA coverage date.
- Policies will not be mailed until confirmation of disenrollment from the MA plan is received.

PREMIUM

Calculating Premium

Before you begin, utilize the Height and Weight Chart on page 16 to determine eligibility for coverage, unless the applicant is in an open enrollment or guarantee issue period.

Utilize Outline of Coverage

- Determine Plan
- Find Age/Gender - Verify that the age and date of birth are the exact age **as of the effective date**.
- Determine ZIP code where the client resides and find the correct rate for that ZIP code.
- Determine if Tobacco rates apply.
- Apply Household Premium Discount, if appropriate (subject to state variation).
- Rate Adjustment - use the height and weight chart to determine if there should be a Class I rate adjustment of 15% (subject to state variation). *If an applicant is rated for build, the applicant must wait at least 1 year after their build has changed, and the build must remain stable for an additional 6 months, before they are eligible to have the build rating removed. A new application will be required for verification of the new build, with documentation from a medical provider showing 6 months of stability.*
- To determine annual premium, multiply by 12.

UTILIZE OUTLINE OF COVERAGE EXAMPLE:

Calculate Premium Instructions	Premium Calculation Example
Determine Medicare Supplement insurance plan.	Plan G
Find Age/Gender - Verify that the age and date of birth are the exact age of the effective date.	67 / Male
Determine ZIP code where the client resides.	30301
Determine if Tobacco rates apply.	Non-Tobacco
Use the Medicare Supplement plan's monthly premium from the Outline of Coverage based on the information above.	\$150.29
Apply Household Premium Discount, if appropriate.	$\$150.29 \times .9 = \135.26
Rate Adjustment - Use the height and weight chart to determine if there should be a Class I rate adjustment of 15%.	$\$135.26 \times 1.15 = \155.54
Payment Options – To determine annual premium, multiply by 12.	\$155.54 monthly payment \$1,866.48 annual payment

Utilizing the Premium Worksheet

The Premium Worksheet is included with each application packet and provides detailed instructions for calculating premiums.

Tobacco rates do not apply during Open Enrollment or Guarantee Issue situations in the following states:

AR, CO, IA, ID, IL, KY, LA, MD, MI, MO, NC, ND, NH, NJ, NM, OH, PA, RI, SC, TN, UT, VA, WI

Types of Medicare Policy Ratings

- **Attained-age Rated** - The premium is based on the applicant's current age so the premium goes up as the applicant gets older. Premiums are lower for younger buyers, but go up as they get older. In addition to change in age, premiums may also go up because of inflation and other factors.
- **Issue-age Rated** - The premium is based on the age of the applicant when the Medicare Supplement policy is purchased. Premiums are lower for applicants who buy at a younger age, and won't change as they get older. Premiums may go up because of inflation and other factors, but not because of applicant's age.
- **Community Rated** - The same monthly premium is charged to everyone who has the Medicare policy, regardless of age. Premiums are the same no matter how old the applicant is. Premiums may go up because of inflation and other factors, but not based on age.

† Other adult does not have to be over age 60 to qualify for discount

‡ Married couples must have lived together more than 12 months to qualify for discount

§ Other adult must be in a legal relationship with applicant to qualify for discount

Household Discount

If question 1 in the Household Discount Section on the application is answered “Yes,” the individual may be eligible for the discount.

Individuals are eligible for a Household Premium Discount if, for the past year, they have resided with at least one, but no more than three, other adults who are age 60 and older*. If they live with another adult who is a legal spouse, we will waive both the one-year requirement and the age 60 requirement. For the purpose of this discount, a civil union partner or domestic partner will be considered a legal spouse when such partnerships are valid and recognized in the applicant’s state of residence. We may request additional documentation to determine eligibility.

The premium will be reduced by the percentage shown on the Outline of Coverage.

The policy’s Household Premium Discount will be removed if the other adult no longer resides with the applicant (other than in the case of their death).*

*The Household Premium Discount provision is subject to state variation. See previous page for details.

Definition of Domestic Partner

Either partner of an unmarried same or opposite sex couple in a relationship considered as being equivalent to marriage for the purpose of extending certain legal rights and benefits.

Class Rating

How to determine class rating

- Follow instructions on the Premium Worksheet.
- Complete the form and return with the application.

Height and Weight Charts are included on the next page of this Guide for your reference.

Note: Risk class height and weight factors will not apply to open enrollees or guaranteed issues.

Eligibility

To determine if the applicant is eligible for coverage, locate the applicant's height, then weight (in pounds) on the chart below. If the applicant's weight is in the Decline column, they are not eligible for coverage at this time. If their weight is located in the Class I or Standard column, you may continue with the application. Class I will add a 15% increase in premium.

Completing the Premium on the Application

The available premium payment modes at the time of policy issue are:

- Annual Direct Bill
- Monthly Bank Draft (Modal Factor = 1/12)

The payment mode should be selected on the application, with the amount of modal premium indicated in the Premium Payment section. If an application is submitted without premium, the first modal premium will be drafted as indicated on the Bank Draft Authorization Form. If a selection is not made on the Bank Draft Authorization Form, the first modal premium will be drafted on effective date.

Note: If utilizing electronic funds transfer (EFT) as a method of payment, please complete the Bank Draft Authorization Form. If paying the initial premium by EFT, the authorization form must be completed and submitted with the application.

Collection of Premium

For policies other than EFT, a full modal premium must be submitted with the application.

- Money orders, cashier's checks, and counter checks are only acceptable if obtained by the applicant. Third party payors cannot obtain a money order or cashier's check on behalf of the applicant.

Note: We do not accept post-dated checks or payments from Third Parties, including any Foundations, as premium for Medicare Supplement. Immediate family and domestic partners are acceptable payors.

Business Checks

Business checks are only acceptable if they are submitted for the business owner or the owner's spouse.

Important Consumer Notices

Leave the Important Consumer Notices with the applicant.

Bank Draft Authorization Form

If paying by bank draft, the Bank Draft Authorization Form must be completed.

Part 1 – Select the preferred bank draft day

To help policyholders manage their financial matters, the applicant may select a draft date that will coincide with their Social Security deposit date as indicated in the chart below.

Social Security Deposit Date	Benefits Paid On**
Birth Date on 1st - 10th*	Second Wednesday
Birth Date on 11th - 20th*	Third Wednesday
Birth Date on 21st - 31st*	Fourth Wednesday
Supplemental Security Income (SSI)	1st of the Month
Beneficiaries who started receiving Social Security Benefits prior to May 1997 or who are receiving both SSI and Social Security	3rd of the Month

*For beneficiaries who first started receiving social security May 1997 or later.

**If date falls on weekend or holiday, payment is made prior business day.

Clients may also choose to draft on a specific day of the month from 1 to 28. If this option is chosen and that day falls on a weekend or holiday, the draft will occur the next business day. If a preferred draft day is not selected in section 1, all subsequent premiums will be drafted/charged on the effective date.

Refunds

The company will make all refunds to the payor in the event of rejection, incomplete submission, overpayment, cancellation, etc.

Our General Administrative Rule - 12 Month Rate

It is current administrative practice to leave rates in effect, without adjustment, for 12 months from the effective date of coverage.

APPLICATION

Properly completed applications should be finalized within 5 - 7 days of receipt at the Amerigo Medicare Supplement administrative office. The ideal turnaround time for the policy to be provided to the producer or the client is 11 - 14 days, including mail time.

Application Sections

The application must be completed in its entirety. The Medicare Supplement application consists of ten sections (subject to state variation) that must be completed. Please be sure to review your applications for the following information before submitting:

Personal Information

- Please complete the client's residence address in full. Ensure age and Date of Birth are the **exact age** as of the **effective date**.
- Medicare card number, also referred to as the Health Insurance Claim (HIC) number, is vital for electronic claims payment.
- Height / Weight is required on underwritten cases and is required for premium calculation.

Plan Selection

- Entire section must be completed.
- Answer the tobacco question if present. (Refer to page 12 for a list of states where tobacco rates do not apply during Open Enrollment or Guaranteed Issue situations).

Eligibility

- Please indicate if the applicant is covered under Parts A and B of Medicare.

Medicare & Insurance Information

- If the applicant is applying during the Guarantee Issue period, be sure to include proof of eligibility.
- If the applicant is replacing another Medicare Supplement policy, complete replacement question #4 and include the Replacement Notice.
- If the applicant is leaving a Medicare Advantage plan, complete replacement question #3 and include the Replacement Notice.
- If the applicant has had any other health insurance coverage in the past 63 days, including coverage through a union, employer plan, or other non-Medicare Supplement coverage, complete replacement question #5.
- Verify if the applicant is covered through his/her state Medicaid program. If Medicaid is paying for benefits other than the applicant's Part B premium or the Medicare Supplement premium for this policy, then the applicant is not eligible for coverage.

General Information

Read through the information in this section with the applicant.

Household Premium Discount Information (Not available in ID, IL, ND, NJ, OH, & OK)

If the answer to the question is 'YES,' the individual qualifies for the discount and all required information must be provided. This information is necessary to calculate premium.

Premium Payment & Administration

- Entire section must be completed.
- This section should indicate modal premium and initial premium amount. The initial bank draft will be drafted on the Effective Date unless specified otherwise.
- A Bank Draft Authorization Form must be completed and submitted with the application in order to set up the applicant for automatic bank drafts.

Medical Questions

- If the applicant is applying during an open enrollment or a guaranteed issue period, do not answer health questions.
- If applicant is not considered to be in Open Enrollment or a Guaranteed Issue situation, health questions must be answered.

Other Health Insurance Policies or Certificates

If you have sold the applicant any other health insurance policies or certificates in the last 5 years, you must disclose those policies here.

Agreement & Acknowledgment

- Applicant acknowledges receiving the Guide to Health Insurance and Outline of Coverage. These two documents must be left with the client at the time the application is completed.
- Applicant agrees to the Health Information Authorization.
- Signatures and dates are required by applicant(s) and writing agent. The writing agent must be appointed in the state where the application is signed and the applicant's resident state, if different.
Note: Applicant's signature must match name of applicant on the application. In rare cases where applicant cannot sign his/her name, a mark ("X") is acceptable. For their own protection, producers are advised against acting as sole witness.
- If someone other than the applicant is signing the application (i.e., Power of Attorney), please include copies of the papers appointing that person as the legal representative.
Note: Power of Attorney signatures are only allowed for Medicare Supplement applications applying for guaranteed issue or open enrollment. If Power of Attorney documents are over 12 months old, we will need an affidavit signed and notarized, except where prohibited by law.

Producer Statement

The producer(s) must certify that they have:

- provided the applicant with a copy of the replacement notice, if applicable;
- accurately recorded the information supplied by the applicant on the application;
- and have interviewed the proposed applicant.

Producer(s) must provide signatures and dates on the Producer Statement. The producer(s) must be appointed in the state where the application is signed and the applicant's resident state, if different.

Declined Applications

Applications will be declined for the following reasons:

- When interviewed by the company, the applicant does not recall filling out the application.
- A family member filled out and signed the application.
- A POA or other representative signed the application when the applicant was not in a Medicare Supplement Open Enrollment or Medicare Supplement Guaranteed Issue period.
- Any "yes" answers to the medical questions (Excludes the Tobacco question) will result in declination.

- The application was taken by an agent who was not licensed and appointed at the time of solicitation in the applicant's resident and signature state.
- The applicant is unable or unwilling to complete the telephone interview.
- If additional forms requested by the underwriter are not submitted within the allotted time frame.
- If the client is taking any of the drugs listed on the Medication guideline for the condition listed. (See Medication list - page 22).
- If the application was submitted with a premium check from a third party payor that has no family or business relationship to the applicant, except where prohibited by law. Please note, renewal premium payments will not be accepted from a third party payor that has no family or business relationship to the applicant or Foundations, except where prohibited by law.
- If the applicant is replacing a Medicare Advantage Plan and is unable to provide proof of disenrollment from the Medicare Advantage Plan.
- If an applicant cannot provide the medical condition that a prescribed medication is treating and is unable to obtain the information from their physician.
- Ineligible medications found on Prescription Query.

Applicants Requesting the Reason for Declination

- If the reason for declination was non-medical, we are able to release this information verbally to both the agent and applicant.
- If the reason for declination came from information the applicant disclosed during the phone interview, we will advise the applicant verbally and send a declination letter directly to the applicant only. This request can be made verbally or in writing.
- If the reason for declination came from medical records or information obtained directly from a physician – we will only release the reason for declination to a physician of the applicant's choice. This request should be in writing indicating the name, address and phone number of the physician and signed by the applicant.
- If the reason for declination came from Prescription History, a declination letter will be sent to the applicant with detailed instructions for the client on how to obtain copies of any information that was obtained during the course of the underwriting process.

Withdrawn Applications

An applicant can request to withdraw their application anytime during the underwriting process in writing or verbally via a recorded statement with one of our representatives. The writing agent will be contacted when notification is received indicating the applicant wishes to have their application withdrawn. The writing agent will be given 10 business days in which to try to conserve the business.

If an applicant's premium check is returned by their financial institution, the application will be processed as Withdrawn (a returned check is considered written notification of the applicant's intent to withdraw their insurance application). The writing agent is not contacted about conserving the business in this situation.

A full refund of the premium submitted with a withdrawn application will be processed 21 business days after the date the check was deposited (to ensure the check has cleared the bank). If an applicant requests the refund prior to that, the applicant's financial institution will be contacted to verify the check has cleared. The refund check and a letter confirming the application was withdrawn will be mailed to the applicant. A copy of the letter will also be mailed to the writing agent. The agent will also be notified that the application was withdrawn via an Agent Portal Message.

If an application was submitted without premium, a letter confirming the application was withdrawn will be mailed to the applicant. A copy of the letter will also be mailed to the writing agent. The agent will also be notified that the application was withdrawn via an Agent Portal Message.

Not Taken Insurance Policies

Applicants who have received an insurance policy without any outstanding delivery requirements will need to provide a signed written notice of their request not to take their issued insurance policy. The request can be in the form of the

returned insurance policy appropriately marked they do not wish to keep the insurance policy or may be in the form of a signed letter or other written statement.

If the applicant was mailed an insurance policy with outstanding delivery requirements, and the delivery requirements are not received within the allotted time frame, the insurance policy will be considered Not Taken and processed as such. A letter confirming the application was not taken will be mailed to the applicant. The agent will be notified via an Agent Portal Message.

An applicant with a Not Taken insurance policy should be encouraged to return the insurance policy if they have not already done so.

In order to receive a full refund of premium, the request not to take the insurance policy must be either post-marked (if sent via mail) or received by our administrative office (if faxed) within the 30-day free look period. A full refund of the premium for Not Taken insurance policies will be processed within 21 business days after the date the check was deposited (to ensure the check has cleared the bank). If the applicant requests the refund prior to that, the applicant's financial institution will be contacted to verify the check has cleared.
