GUARANTEE TRUST LIFE MEDICARE SUPPLEMENT UNDERWRITING GUIDE (REVISED 9/2020)

UNDERWRITING REQUIREMENTS

1. Generally, for underwritten applications, acceptance will be based on the answers given on the application, build chart, drug prescription history, MIB and a review of claims, if any, that may have been filed for applicants who have or had a policy with Guarantee Trust Life (GTL.)
2. If the answer to any of the medical questions on the application is "Yes," the applicant does not qualify for coverage. The medical questions do not have to be answered if Open Enrollment or Guarantee Issue.
3. If the applicant is taking any of the medications listed on the Medication List for a condition named in the application, the applicant does not qualify for coverage. The Medication List does not apply to Open Enrollment or Guarantee Issue.
4. To qualify for Preferred rates, the applicant must meet both the preferred build criteria and have not used any tobacco products in the last 12 months. *This qualification also applies to Open Enrollment and Guarantee Issue applications. These questions must be answered in the states where the build and/or tobacco questions are in the "Plan Selection & Payment Information" section of the application.*
5. A drug prescription and MIB search will be obtained on all underwritten applications.
6. For any underwritten applicant over the age of 80, a Personal History Interview (PHI) will be conducted by our representative, MRS. For ages 80 and under a PHI may be conducted in the following situations.
 - a. The medications listed on the application are confusing or incomplete. For example, the applicant states they are using a medication that is not used for the condition they list.
 - b. The applicant is taking medication that is not on the declinable Medication List but is typically used to treat a health condition that is named on the application
 - c. Drug prescription history report includes medication that is not disclosed on the application but may be related to a medical condition named in the application.
 - d. The applicant is over age 75 and drug prescription history provides no information.
 - e. MIB information indicates possible relevant medical history not listed on the application.
 - f. As needed to determine to the insurability of the applicant.
7. It is the Company's policy not to obtain medical records to determine the insurability of the applicant. However, in the following instances we will ask the applicant to obtain medical records for the past 3 years at their expense.
 - a. If there is relevant medical information on the MIB report which we cannot verify through the application, drug prescription history or PHI.
 - b. If the applicant requests a reconsideration of our decision.
8. If the insured was originally issued Standard rates and wishes to re-apply for Preferred rates, a new application is required and evidence of insurability must be met. The insured must meet both the Preferred build criteria and have not used any tobacco product within the past 12 months. Any

improvement in weight must be maintained for at least 12 months before applying.

9. The insured can apply for reinstatement of a lapsed policy within 6 months of lapse subject to a reinstatement application and evidence of insurability. After 6 months, the policy cannot be reinstated and the insured can apply for a new policy subject to a new application and evidence of insurability.
10. A Power of Attorney (POA) is not acceptable for this product.

ADMINISTRATIVE GUIDELINES

1. An application that is over 31 days old when we receive it will be considered stale-dated and not acceptable. We will require a new application. Back dating is not permitted.
2. The bank draft date and the effective date cannot be more than 15 days apart.
3. Policies are issued in the residence state of the applicant.
4. The agent must be licensed in the applicant's residence state.
5. The application version submitted must be the residence state of the applicant.
6. The applicant must be a U.S. citizen or be an alien who has been lawfully admitted for permanent residence and has been residing in the United States for 5 continuous years prior to the month of filing an application for Medicare (per CMS.)
7. For internal replacements, any change in coverage will require a new application and subject to evidence of insurability. This includes policies that were originally written under Open Enrollment or Guarantee Issue and are past the 6 month period. A new policy will be issued as of the next paid due date or following month at the insured's attained age.
8. Other than the applicant, acceptable payors for the initial and renewal premium are family members. Friends, businesses, or organizations cannot be a payor for either the initial or renewal premium.
9. Applications received during the applicant's Open Enrollment or Guarantee Issue period will be accepted up to 6 months prior to the effective date. Back dating is not permitted.
10. Open Enrollment and Guarantee Issue guidelines are available on our website, www.gtlic.com. Not all plans are available for Guarantee Issue. Please refer to the Guarantee Issue guideline or contact the Underwriting department at 800-635-1993 or email to und@gtlic.com
11. Documents used to support Guarantee Issue (including Medicare Advantage disenrollment) must indicate the applicant's name and the start and end date of coverage. Generic letters are not acceptable.
12. If List Bill is requested, the Employer and Applicant Billing Agreement forms must be completed and submitted with the applicant. Only retired employee and spouses will be eligible for list bill.

UNDERWRITING CONSIDERATIONS

- Tobacco means cigarette, pipe, cigars, chewing tobacco, dip, electronic or vapor cigarettes, or any other nicotine delivery system.
- If the applicant currently requires the use of a wheelchair or motorized mobility aid on a daily basis, the person is not eligible for coverage. For conditions such as a broken leg, the applicant is not eligible until the wheelchair or motorized mobility aid is no longer needed.

- With respect to the medical question that asks if the applicant has been advised to have a medical test, the question should be answered YES if the test is meant to diagnose a medical condition. If the test is part of a routine annual exam, then the question can be answered "No."
- Hospitalization means being admitted as an inpatient. Observation, ER visit or outpatient treatment that did not result in admittance is not considered a hospitalization.
- The applicant is not eligible for coverage if there is a history of memory loss.
- Even if the applicant is not taking any medication, the applicant is not eligible for coverage if diagnosed with a condition listed on the application within the time period asked.
- Taking a maintenance medication is considered treatment. Medications such as tamoxifen (Nolvadex/ Solfamox) or anastrozole (Arimidex) given after breast cancer treatment is completed and prescribed as a preventative rather than treatment can be considered for coverage.
- With respect to high blood pressure, diuretics ("water pills) are considered treatment. If a diuretic is manufactured with another medication as one pill, it is counted as two medications.
- Heart disease includes heart attack, myocardial infarction, coronary artery disease, angina, valve disease, atrial fibrillation or other heart rhythm disorder, cardiomyopathy, congestive heart failure, enlarged heart, heart bypass, stent placement, angioplasty, or pacemaker or defibrillator placement.
- An applicant who is diabetic (treated with insulin, non-insulin or by diet) who has complications of neuropathy (nerve damage), retinopathy (eye damage) or nephropathy (kidney disease) is not eligible for coverage.
- An applicant taking more than 50 units of insulin per day or is taking 3 or more medications (insulin or non-insulin) is not eligible for coverage.
- It is important that not only the medications be provided on the application but the disease or disorder that caused the medication to be prescribed be given.
