

Medicare Supplement Insurance Plans

Choosing the right Medicare Supplement plan for You.

Not so surprisingly, seniors have questions about health care—especially Medicare. Even with all of the information out there, you may still be wondering what medical services and expenses Medicare actually covers and which of these are not covered. But most importantly, you want to be sure that when you require medical treatment, your Medicare coverage provides sufficient

benefits to meet your needs. We can answer these questions and show you how a Medicare Supplement insurance policy from Shenandoah Life can help pay some eligible expenses not paid for by Medicare Part A and Medicare Part B. There may be charges above what Medicare and your policy pay.

Shenandoah Life sold its first insurance policy in 1916. Through the years we've adapted well to the many changes that time has brought. We've worked hard to create innovative products that meet the changing needs of individuals, families and businesses.

Why A Medicare Supplement?

Out-of-Pocket Costs Have Increased

Your costs of participation in Medicare have increased since the beginning of the Medicare Program, including...

- Monthly premiums
- Deductibles and copayments
- Non-covered expenses

As you may know, gaps in coverage, commonly called medi-gaps, are your out-of-pocket responsibility. In fact, they could be 20%* or more of the entire medical costs. This, combined with ever increasing costs, can lead to a significant financial burden.

* Medicare Part B co-pay, plus any non-covered or excess expenses.

This is supplemental insurance. It is not a substitute for hospital or medical expense insurance, a health maintenance organization (HMO) contract, or major medical expense insurance.

Other Things You Should Know

Exclusions

Shenandoah Life's Medicare Supplement policies do not cover or pay for:

- Services for non-Medicare eligible expenses such as routine exams, take-home drugs and eye refractions or those for which a charge is not normally made in the absence of insurance
- Expenses covered and payable under any other Medicare or Medicare supplement insurance policy or certificate.
- Expenses including Hospital or Skilled Nursing Facility confinement incurred during a Medicare Part A Benefit Period that begins while this Policy is not in force except as provided by the extension of benefits in the policy.

Renewability

Your coverage is guaranteed renewable for your lifetime (so long as the required premium is paid). Shenandoah Life reserves the right to change the premium as approved by appropriate insurance regulators. Any change in premium will be made on all policies of the same class. You will receive written notification of any changes as required by your state's regulations.

30-Day Trial

If you are not satisfied with the policy for any reason, you may cancel your policy within 30 days of the effective date and still receive a full refund.

Definitions

"Hospital" means a place defined as a hospital and approved for payment as a hospital by Medicare.

"Excess Charges" (only available under Plan F and Plan G) is the difference between the Medicare Part B-approved expense and the amount charged by the attending physician, which can be no more than the limiting charge allowed by Medicare.

Payment Changes

If Medicare changes its deductible and copayment amounts, the policy benefits will also change.

When this happens, your renewal premium may increase. Premiums are based on attained age rating which means your renewal premiums will increase as your age increases.
